

A Narrow Three Drawer Lateral Filing Cabinet.

The largest member of the Narrow Can-Am family. It's Can-Am strong, solid, safe, and durable with a touch of class that stands out.

This three drawer filing cabinet is the perfect height and perfect fit for home or office. Unlike other cabinets in our offering, this cabinet is too large to ship by express ground service and ships only by transport truck. You will find this cabinet at the bottom of the order form.

A beautiful powder coat finish, detailed solid steel construction, and safety interlocking drawers set it apart from the rest.

The Most Memorable File Cabinet Ever

In keeping with our aesthetic goals, our optional external label holders fit discreetly into the finger pulls of our drawers. You will not find a tacky label on this cabinet either. Unlike other file cabinet manufacturers who plaster a label on their cabinet - we will count on you to remember.

A Lateral Filing Cabinet Good Enough For Your Living Room

The perfect height with a contemporary style that just fits. It is also part of the Can-Am family of modules so it can be configured into any setup. As a stand-alone filing solution or in configurations, HF39X24 provides exceptional value. Optional legs, wheels, and tops finish it off nicely, and 18 powder coat colors ensure it will match any decor.

Superior Quality, Value and Infinitely Expandable

The HF39X24 can be configured for letter or legal sized hanging files. With a capacity of 100 lb per drawer it will carry anything you like. Full extension sliders provide access to every inch and interlocking drawers prevent tipping. A lock is standard.

Love the Height but Have Room For More?

HF39X24 also comes in a standard size version, HFCAB39 at 37.75" wide. You can combine the two to reach virtually any width. A variety of tops are available to match different combinations. Both cabinets will stack with any Can-Am cabinet of its own width.
