

### Narrow Two Drawer Cabinet with 6" Drawers To Go Where No Cabinet Has Gone Before

M2D14X24 features two 6" media or general purpose drawers and holds 270 CDs or 120 DVDs or Blu-ray in standard packaging. Three rows for CDs or two rows for DVDs and Blu-ray. It will also hold 540 discs in slimline cases or over 1000 discs in sleeves. At 14.5" high and only 23.5" wide, it will go places you never dreamed possible. And with a capacity of 100 pounds per drawer, it will carry anything. Full extension sliders provide total access and safety interlocking drawers prevent tipping.

Narrow cabinets are just like our standard cabinets - but narrower! Our 2 feet wide cabinets complement the standard 3 feet wide cabinets, providing the flexibility to reach virtually any width or fill any space. How wide do you need your setup or TV stand? Four feet? Five? Six? Seven? Even eight or nine feet? No Problem! Narrow cabinets line up beside our standard width cabinets, but can only stack on top of other narrow cabinets. Outfit them with LEGS for lift, or WHEELS for mobility.

### MATCHING CABINETS

The M2D14X24 is the same height and depth as Can-Am standard width '14 Series' cabinets - MC2D14, HFCAB14, COM3D14, CAB14 and FDCAB14. It shares the exact dimension of the FC14X24 flip door pullout cabinet shown to the right. This is useful when designing configurations that need to line up.

**FC14X24**

### SPECIFICATIONS
