

A '27 Series' Cabinet

The Height of Perfection - Excellence and Value

Our four drawer cabinet with 6" drawers holds 1080 CDs, 480 DVDs or Blu-ray, or 240 videos - and that's in standard packaging. 2160 discs in slimline cases or more than 4000 discs in sleeves.

This cabinet may be the perfect height for your setup, but don't be afraid to stack it with our other modules. Optional legs, wheels, and tops finish it off nicely, and with a capacity of 100 pounds per drawer they will carry anything and everything imaginable.

The Height of Economy and Practicality

Four or eight drawers are very popular heights and MC4D27 is more economical and practical than combinations of two and three drawer cabinets. Go Configure!

Full extension sliders for access to every inch of space, locks for security and safety interlocking drawers make this cabinet state-of-the-art. It will line up with all 27 series cabinets and stack with any standard width cabinet. And like all Can-Am cabinets, MC4D27 should last a lifetime, but since steel is recyclable it will never end up in a landfill. Even our powder coat finish is VOC free and eco-friendly.
